

2023 CHAPTER SPONSORSHIP FORM

BENEFITS OF SPONSORSHIP

The Wisconsin Chapter of the American Society of Landscape Architects (WI ASLA) is a non-profit organization committed to the promotion of the profession of Landscape Architecture in the State of Wisconsin. We have over 150 active members and a social media audience of nearly 1,000 who value exposure to your products, services, programs, and people (YOU!).

Sponsorship with WI ASLA allows your company or organization access to Landscape Architects and other allied professionals through our quality education, engagement, and outreach programs. Networking with our membership provides the opportunity to share industry trends, products and services, and information related to current and future design and construction of our work. Increase the visibility of your products and services to Landscape Architects in Wisconsin. For more information visit our website at: https://wiasla.com/sponsors.php.

ADVERTISEMENT EXHIBITING

Advertisements in our printed and electronic media, including our website, e-newsletter and event programs provide recognition of our sponsors. A logo and link to your company's website will be placed on the chapter website. Sponsors value direct interaction with our members via in person or virtual meetings hosted by WI ASLA. Your company can use these meetings to showcase products and services to our members and expand your professional network.

INVOLVEMENT MARKETING

WI ASLA welcomes sponsor participation at meetings and events with our membership. We will also be working with Gold and Platinum sponsors to coordinate additional opportunities for face time with our members.

Do you have a new product, service or education opportunity that needs to be marketed? If so, we will gladly highlight it on our social media platforms and email blasts to our members.
